## Annual Town Meeting.

---

MARCH 24, 1913.

---

### Warrant

Commonwealth of Massachusetts.

Middlesex, ss.

To Either of the Constables of the Town of Wayland.

Greeting:

In the name of the Commonwealth you are required to notify and warn the inhabitants of the Town of Wayland qualified to vote in town elections to meet at their respective polling places on Monday, March 24, 1913, at 6 o'clock in the forenoon, and bring in their ballots to the Election Officers for a Moderator, Town Clerk, three Selectmen, Treasurer, Collector of Taxes, Auditor, Treasurer of Library Funds, Surveyor of Highways, Tree Warden and seven Constables, all for one year.

One member of School Committee, one Sinking Fund Commissioner, one Cemetery Commissioner, one Assessor, two Trustees of the Public Library, one Overseer of Poor, one member of Board of Health, one Water Commissioner, all for three years.

## TOWN WARRANT

---

Also to vote "Yes" or "No" on the following question, "Shall licenses" be granted for the sale of intoxicating liquors in this town?"

All the foregoing to be voted on the official ballot.

The polls will be open at 6.15 o'clock in the forenoon, and will remain continuously open at least four hours, when they may be closed unless the voters otherwise order.

And you are required to notify and warn the inhabitants of Wayland qualified to vote in town affairs to meet at the Town Hall on Wednesday, March 26, 1913, at 7.45 o'clock in the afternoon to act on the following articles, viz.:

Article 1. To hear the report of town officers, agents, trustees, and committees, and act thereon.

Art. 2. To choose all necessary town officers, agents, trustees, and committees not elected by official ballot.

Art. 3. To grant money for all necessary town purposes.

Art. 4. To authorize the Selectmen to consult counsel on important town cases, and to defend the town against any action at law, or suit in equity that may be brought against it.

Art. 5. To appropriate the money received from dog licenses.

Art. 6. To see what action the town will take in regard to borrowing money in anticipation of the taxes of the current municipal year.

Art. 7. To see if the town will vote to charge interest on overdue taxes and fix the rate.

## TOWN OF WAYLAND

---

Art. 8. To see if the town will appropriate \$300 to repair Glezen Road from Concord Road to Hazelbrook Lane, or do or act.

Art. 9. To see if the town will authorize the Selectmen to draw from the revenue account such sums of money as may be necessary to carry on the work of exterminating the gypsy and brown-tail moths, for the months of December, 1913, and January and February, 1914, but not to exceed the town's liability for 1914.

Art. 10. To see if the town will grant a sum of money to build a concrete cross walk on Main street from the south side of Shawmet avenue, to north side of Willard street, or do or act.

Art. 11. To see if the town will accept the following bequests: \$100 from Phebe M. Johnson to be known as "The Edward L. Johnson Fund," the income from which to be used in care of Lot 21, in Lake View Cemetery; \$100 from Isabella Gale, to be known as the "Edwin Gale Fund," the income from which to be used in care of Lot No. 25, North Cemetery.

Art. 12. To see if the town will instruct the Water Commissioners to extend the water mains on Main street to connect with Natick water mains for fire protection, and emergency cases.

Art. 13. To see if the town will appropriate a sum of money for the purchase of forest fire fighting equipment for use by the Forest Warden.

Art. 14. To see if the town will appropriate \$150 for necessary repairs to the roof of Town Hall, and shed in rear of Hall.

## TOWN WARRANT

---

Art. 15. To see what action the town will take relative to procuring necessary sanitary conditions in Town Hall, appropriate money therefor, or do or act.

Art. 16. To see if the town will instruct the Selectmen to install an electric light on German Hill street, near the right of way to Lake View Cemetery. Also to install one street light on Pleasant street, near the residence of Louis Champigni.

Art. 17. To see if the town will accept Chapter 367 of the Acts of 1911. Sections one and two as amended by sections one, two and three of Chapter 320, Acts 1912, relative to the use of rooms and halls in School Buildings for other than School purposes.

Art. 18. To see if the town will appropriate a sum of money to repair the old Sudbury road from the B. & M. R. R. to the first bridge.

Art. 19. To see if the town will accept Chapter 635 of the Acts of 1912.

And you are required to serve this warrant by posting copies hereof attested by you at the Town Hall, at each Post Office in town, and at the Engine House, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant to the Town Clerk, on or before March 20, current.

Given under our hands this eighth day of March, in the year of our Lord, one thousand nine hundred and thirteen.

JAMES H. LEE.  
THOMAS F. MAHONY,  
NAPOLEON PERODEAU,  
Selectmen of Wayland.

## Primary

Commonwealth of Massachusetts.

Middlesex, ss.

To Either of the Constables of the Town of Wayland.

Greeting:

In the name of the Commonwealth you are required to notify and warn the inhabitants of the Town of Wayland qualified to vote in primaries to meet at their respective polling places on Tuesday, April 1, 1913, at 3 o'clock in the afternoon, to bring in to the election officers their votes for the nomination of candidates for—

A Representative in Congress, 13th District.

The polls will be open at 3.15 o'clock and will be closed at 8 o'clock in the afternoon.

And you are required to serve this warrant by posting copies hereof attested by you at the Town Hall, at each Post Office, in said Town, and at the Engine House, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant to the Town Clerk on or before March 26, current. Given under our hands this eighth day of March, A. D., 1913.

JAMES H. LEE,  
THOMAS F. MAHONY,  
NAPOLEÓN PARADEAN,  
Selectmen of Wayland.

## Annual Town Meeting, 1912.

---

MARCH 25, 1912

---

Commonwealth of Massachusetts

Middlesex, ss.

To Either of the Constables of the Town of Wayland in said town.

Greeting:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the inhabitants of the Town of Wayland qualified to vote in town affairs to meet: The voters of precinct one at the Town Hall; the voters of precinct two at the Engine House in Cochituate Village on Monday, March 25, 1912, at six o'clock in the forenoon, to give in their votes for a Moderator, three Selectmen, Town Clerk, Treasurer, Collector of Taxes, Auditor, Treasurer of Library Funds, Surveyor of Highways, Tree Warden, and seven Constables, all for one year.

One member of the School Committee, one Sinking Fund Commissioner, one Assessor, one Cemetery Commissioner, two Trustees of Public Library, one Overseer of Poor, one Member of Board of Health, and Water Commissioner, all for three years.

One Overseer of Poor for two years (to fill vacancy),

## TOWN OF WAYLAND

---

one member of Board of Health for two years (to fill vacancy), one member of Board of Health for one year (to fill vacancy).

Also to vote "Yes" or "No" on the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?"

All the foregoing to be voted on the official ballot.

The polls will be open at 6.15 o'clock in the forenoon, and will remain continuously open for at least four hours, when they may be closed, unless the voters present otherwise order.

And you are required to notify and warn the inhabitants of the Town of Wayland qualified to vote in town affairs to meet at the Town Hall on Wednesday, March 27, current, at 7.45 o'clock in the afternoon, there and then to act on the following articles, viz.:

Article 1. To hear the report of town officers, agents, trustees, and committees, and act thereon.

Art. 2. To choose all necessary town officers, agents, trustees, and committees not elected by official ballot.

Art. 3. To grant money for necessary town purposes.

Art. 4. To authorize the Selectmen to consult counsel on important town cases, and to defend the town against any action at law or suit in equity that may be brought against it.

Art. 5. To appropriate the money received from dog licenses.

## TOWN WARRANT

---

Art. 6. To see what action the town will take in regard to borrowing money in anticipation of the taxes of the current municipal year.

Art. 7. To see if the town will authorize the Selectmen to draw from the revenue account such sums of money as may be necessary to carry on the work of exterminating the gypsy and brown-tail moths for the months of December, 1912, and January and February of 1913, but not to exceed the town's liability for 1913.

Art. 8. Shall Sections 1 to 14, inclusive, of Chapter 28 of the Revised Laws, authorizing cities and towns to lay out public parks within their limits, be accepted?

Art. 9. To see if the town will vote to elect and determine the manner of election of a Board of three Park Commissioners, and fix their terms of office, in case the Town shall vote to accept Sections 1 to 14, inclusive of Chapter 28 of the Revised Laws.

Art. 10. To see if the town will vote to buy for a public playground a piece of land situated in the village of Cochituate, generally described as follows: bounded on the north by West Plain street, about three hundred and sixty (360) feet; on the west by German Hill street, about five hundred and sixty (560) feet; on the south by Bradford street, about three hundred and sixty (360) feet; and on the east by a line connecting Bradford street and West Plain street, about four hundred (400) feet in length, and containing approximately four (4) acres, commonly known as the "Ball Field"; and to see what action the Town will take as to carrying out such vote and as to the exercise of the powers enumerated in Section 19, Chapter 28, of the Revised Laws, as amended by Chapter 508 of the Acts of 1910.

## TOWN OF WAYLAND

---

Art. 11. To see if the town will vote to pay for the land mentioned in the article next preceding, under authority of Revised Laws, Chapter 28, as amended by the Acts of 1910, Chapter 508, by issuing its notes, outside the debt limit, for the principal sum of \$4,000; said notes to be dated April 1, 1912, to bear interest semi-annually, April 1 and October 1, at the rate of 4 per cent. per annum; to mature \$500 each year, from and including April 1, 1913, to and including April 1, 1920; the denomination of each note to be \$500; the amount necessary to pay the interest and principal as it severally matures to be raised out of the taxes; and the Town Treasurer, with the consent and approval of the Selectmen, to have authority to sell said notes: or to pay for said land in such way as the Town may determine.

Art. 12. To see if the town will vote to appropriate \$600 to secure a \$1,600 spraying outfit, \$1,000 of its cost to be donated to the town by the state.

Art. 13. To see if the town will vote to change the compensation of the tax collector to 1 (one) per cent. of the amount collected by him, and to pay for bonding of said official, or act anything relative thereto.

Art. 14. To see if the town will instruct the Selectmen to install one street light on French avenue, near the residence of Joseph Gladu.

Art. 15. To see if the town will instruct the Selectmen to install electric street lights on Tower Hill road.

Art. 16. To see if the town will appropriate a sum of money not exceeding one hundred and fifty dollars to build a sidewalk on south side of Plain street from Lyon's corner to German Hill street, or do or act.

## TOWN WARRANT

---

Art. 17. To see if the town will increase the salary of the Town Auditor from fifty to one hundred dollars.

Art. 18. To see if the town will vote to pay laborers for the town \$2.25 per day, or do or act.

Art. 19. To see if the town will appropriate a sum of money to build a sidewalk in front of the Town Hall.

Art. 20. To see if the town will appropriate fifteen hundred dollars to repair Cochituate road near the school-house in Wayland Village, provided the state will allot an equal amount under the small towns act.

Art. 21. To see if the town will make the salary of the Superintendent of Fire Alarm fifty dollars, or do or act.

Art. 22. To see if the town will vote to authorize the selectmen to make a contract at any time prior to January 1, 1913, with The Edison Electric Illuminating Company of Boston to light the streets and ways of the town for a period not exceeding ten years, in case said company shall have purchased the property and business of the Weston Electric Light Company, and to take any other action in regard thereto.

And you are required to serve this warrant by posting copies hereof, attested by you at the Town House, at each of the post offices in said town, and at the Engine House, Cochituate, seven days at least before the time for holding said meeting.

Hereof fail not and make due return of this warrant to the Town Clerk on or before March 25, current.

Given under our hands this ninth day of March, in the year of our Lord, one thousand nine hundred and eleven.

GRANVILLE L. LOKER,  
JAMES H. LEE,

## Town Clerk's Office.

At a town meeting held on March 25-27, 1912, the following business was transacted:

Trustees of the Allen Fund—Isaac Damon, John Connelly, Walter B. Henderson.

Fence Viewers—The Selectmen.

Field Drivers—The Constables.

Surveyors of Wood and Bark—William S. Lovell, Ernest I. Clark.

Surveyor Lumber—William S. Lovell.

Memorial Day Committee—Frank Remick, Irving W. Schleicher, David F. Fiske.

Constables elected and qualified—Arloe W. Ames, Michael W. Hynes, Frank C. Moore, Joseph C. Vincent, Thomas P. Murry.

Article 1. The various town officers presented their reports in print.

The new school house—Cochituate—Building Committee's report was accepted and the committee discharged.

The Finance Committee's report was amended by adding thereto five hundred dollars for sidewalks and by striking out the two thousand dollars for highways and bridges and insert-

## TOWN CLERK'S REPORT

---

ing in place thereof five thousand dollars. The report as so amended was adopted and the sums of money therein set down, and not otherwise provided for in said report were ordered assessed.

Art. 2. Voted, that the Selectmen be instructed to act as a committee to call a meeting of all citizens of Wayland on the Wednesday evening prior to the annual town meeting in each year, in the town hall, to discuss the articles in the town warrant and to hear any candidates for office who may wish to address the voters.

Art. 3. See under other articles.

Art. 4. Voted, to authorize the Selectmen to consult counsel on important town cases, and to defend the town against any action at law or suit in equity that may be brought against it.

Art. 5. Voted, to appropriate the money received from dog licenses, one-half to schools, one-half to Public Library.

Article 6. Voted, that the town treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the taxes of the municipal year beginning March 1, 1912, to an amount not exceeding in the aggregate \$25,000, and to issue a note or notes therefor payable within one year, any debt or debts incurred under this vote to be paid from the taxes of said municipal year.

Article 7. Voted to authorize the Selectmen to draw from the revenue account such sums of money as may be necessary to carry on the work of exterminating the gypsy

## TOWN OF WAYLAND

---

and browntail moths for the months of December, 1912, and January and February of 1913, but not to exceed the town's liability for 1913.

Voted to act on Articles 8, 10 and 11 together.

Printed ballots embodying Articles 8, 10 and 11 with suitable space after each Article for the voter to mark his decision were used and the check lists were used. Four qualified election officers checked names of voters on lists and counted the ballots cast.

Upon the proposition in Article 8 there were: Yes—79, No—139.

Upon Article 10, there were: Yes—93, No—128.

Upon Article 11, there were: Yes—86, No—133.  
The three propositions were declared defeated.

Art. 9. No action.

Art. 12. Voted to appropriate \$600 to secure a \$1,600 spraying outfit, \$1,000 of its cost to be donated to the town by the state, the same to be assessed.

Art. 13. Voted, that for collecting a full year's taxes the collector shall receive as compensation a sum equal to 1 per cent. of the tax levy, also voted that the town pay the premiums on his official bond.

Art. 14. Voted to instruct the Selectmen to install one street light on French Avenue, near the residence of Joseph Gladu.

## TOWN CLERK'S REPORT

---

Art. 15. Voted to assume the expense of maintaining the street light on Town Hill Road heretofore supported by certain individuals.

Art. 16. Voted to appropriate a sum of money not exceeding one hundred and fifty dollars to build a sidewalk on south side of Plain Street from Lyon's corner to German Hill Street, the same to be taken from sidewalk appropriation.

Art. 17. Voted to increase the salary of the Town Auditor from fifty to one hundred dollars.

Art. 18. Voted to pay laborers for the town \$2.25 per day.

Art. 19. Voted to appropriate a sum of money to build a sidewalk in front of the Town Hall, the same to be taken from sidewalk appropriation.

Art. 20. Voted to appropriate fifteen hundred dollars to repair Cochituate road near the schoolhouse in Wayland Village, provided the state will allot an equal amount under the small towns act. Provided, however, the repairs be done under the supervision of the State Highway Commission as a gravel road.

Art. 21. Voted to make the salary of the Superintendent of Fire Alarm fifty dollars, the same to be taken from appropriation for Fire Department.

Art. 22. Passed over.

Voted to charge interest at the rate of 6 per cent. on taxes unpaid on and after October 1, 1912.

## TOWN OF WAYLAND

---

Under 2. That there be a committee of three elected by this meeting to consider the matter of making a change in the office of Surveyor of Highways so that the street may be under the control of a commission. The committee to report its recommendations at a future meeting, to be appointed by moderator.

Article 10-a. Voted to accept one hundred dollars from Edward Seaver to be known as the "J. M. Russell Fund." The income from which to be used for the care of the J. M. Russell Lot in North Cemetery.

10-b. Voted to accept one hundred dollars from the executor of the estate of P. Maria Le to be known as the Phoebe Maria Fund. The income from which to be used for the care of Lot No. 189 in North Cemetery.

A true copy of record.

Attest: DANIEL BRACKETT,  
*Town Clerk.*

## Town Warrant

---

MAY 22, 1912.

---

### COMMONWEALTH OF MASSACHUSETTS.

Middlesex, ss.:

To either of the Constables of the Town of Wayland in said County—Greeting:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the inhabitants of the Town of Wayland, qualified to vote in town affairs, to meet at the Town Hall on Wednesday, the twenty-second day of May current, at 7.45 o'clock in the afternoon, there and then to act on the following Articles, viz.:

Article 1. To see if the Town will instruct the Selectmen to install a street light on Glezen Lane, near the residence of Abel H. Gleason.

Article 2. To see what action the Town will take in the matter of carrying out the order of the County Commissioners, relative to relocating the Concord Road.

Article 3. To see if the Town will authorize the Selectmen to make a contract at any time prior to Jan. 1, 1913,

## TOWN OF WAYLAND

---

with the Edison Electric Illuminating Company, of Boston, to light the streets and ways of the Town for a period not exceeding ten years, in case said company shall have purchased the property and business of the Western Electric Light Company, or to take any other action in regard thereto.

Article 4. To see if the Town will appropriate a sum of money, not exceeding thirty-five hundred dollars (\$3,500), to be expended for the installation of a sanitary plant in the school building at Wayland, or do or act.

Article 5. To see if the Town will appropriate a sum of money not exceeding three thousand six hundred dollars (\$3,600), to be expended for the installation of a heating plant in the school building at Wayland, or do or act.

And you are required to serve this warrant by posting copies hereof, attested by you, at each of the post-offices in said Town and at the Town Hall seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant to the Town Clerk on or before the time of holding said meeting.

Given under our hands this thirteenth day of May in the year of Our Lord one thousand nine hundred and twelve.

JAMES H. LEE,  
THOMAS F. MAHONY,  
NAPOLEON PERODEAU,  
*Selectmen of Wayland.*

## TOWN CLERK'S REPORT

---

Wayland, Mass., May 23, 1912.

At a town meeting, held on the 22d day of May, 1912, the following business was done, viz.: under Art. 1.—Voted to instruct the Selectmen to install one street light on Gleason Lane near the residence of Abel H. Gleason.

Art 3.—Voted to authorize the Selectmen to make a contract at any time prior to Jan. 1st, 1913, with the Edison Electric Illuminating Co. of Boston to light the streets and ways of the town for a period not exceeding ten years, in case said company shall have purchased the property and business of the Weston Electric Light Co.

Art. 2.—No action but

Voted that it is the sense of the meeting that the Selectmen and the Highway Surveyor should co-operate with the County Commissioners and the Highway Commission to secure as much money for the town highways as possible.

Arts. 4 and 5.—Voted to refer the subject matter of these articles to a future town meeting.

A true copy of record.

Attest:      DANIEL BRACKETT,  
*Town Clerk.*

## Town Warrant

---

DECEMBER 17, 1912.

---

### COMMONWEALTH OF MASSACHUSETTS.

Middlesex, ss.

To either of the Constables of the Town of Wayland in said County.

Greeting:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the inhabitants of the Town of Wayland qualified to vote in town affairs to meet at the Town Hall, on Tuesday the 17th day of December, 1912 at 7.45 o'clock in the afternoon there and then to act on the following articles:

Art. 1. To see if the town will vote to carry out the order of the County Commissioners relative to Concord Road.

Art. 2. To see if the town will appropriate and borrow or otherwise provide money necessary to carry out the order of the County Commissioners relative to Concord Road.

Art. 3. To see if the town will vote to pay Michael W. Hynes the value of cows supposed to have been poisoned in-

## TOWN WARRANT

---

advertantly by the Superintendent of Gypsy and Brown-Tailed Moths.

Art. 4. To see if the town will appropriate the amount of \$300 to do necessary work on shade trees on the highway of the town.

Art. 5. To see if the town will instruct the Water Commissioners to extend the water mains to Natick water mains for emergency cases.

And you are required to serve this warrant by posting copies hereof attested by you at the Town House, at each Post Office in town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon on or before the 9th day of December current.

Given under our hands this second day of December in the year of our Lord one thousand nine hundred and twelve.

The above appropriations are recommended in addition to such balances as appears on the Treasurer's books unexpended from last year's appropriations.

## TOWN OF WAYLAND

---

The Finance Committee respectfully recommend that the sum of two hundred and twenty dollars (220) be transferred from water rates to pay interest on water bonds.

Also that the money for removing snow be drawn from revenue account.

Also that all town insurance be drawn from revenue account.

Also that the overdrafts for last year, amounting to six thousand and two dollars and twenty-six cents (\$6,002.26), and interest charges for present municipal year, be charged to revenue account.

PAUL T. DRAPER, Chairman,  
WILLIAM N. SUPPLE,  
JACOB REEVES,  
ERNEST F. LAWRENCE,  
WILLIAM S. LOVELL, Clerk.

## Overseers of the Poor

	<hr/>
Balance due	\$146.50

## REPORT OF TAX COLLECTOR

---

Total taxes collected (1906-1912) from Mar. 1, 1912 to Mar. 1, 1913	\$47,885.64
Total taxes uncollected (1906-1911) on Mar. 1, 1912	13,767.15
Total taxes uncollected (1906-1912) on Mar. 1, 1913	9,379.96
Net gain for year	\$4,387.19

I, herewith, append a list of taxes unpaid at the time of going to press. This includes delinquents living in Wayland and Cochrane only. There is nothing new or questionable in publishing such a list in a local report, and it is inserted at this time in conformity with a notice printed upon the tax bills when issued last September, and upon general recommendations from the Tax Commissioner's office.

A town, like any business, needs money sufficient to meet its capacity and consequently thrives better on quickly served cash than on a steady diet of long prepared notes. An effort to encourage the tax-payers to make more prompt and businesslike returns to the town was the father of this plan, and its purport is not fundamentally to "expose" any individual.

In your collector's opinion, this policy should be continued for an indefinite time as one means to the desired end. It has shown its merits this first year, notwithstanding the somewhat elongated list that follows. I earnestly recommend that my successor adopt such a system as the best method of eliciting payments outside of the hurried recourse to the Statutes. There ought to be no need of the hand of the law in the collection of any assessment in the Town of Wayland. At the time this copy was handed to the printer you are twenty-five hundred dollars ahead of your payments of a year ago. Let your next Collector be able to double this figure in March, 1914.

## Selectmen's Report.

The regular appointments have been made as required by law: They appear in the list of town officials.

Lighting—Additional street lights have been placed as follows: Gleason Road 1, French Avenue 1.

A ten-year contract was made with the Edison Co. as per vote of town.

Sidewalks—The gravel sidewalk on West Plain Street was built under the supervision of the Highway Surveyor. The concrete walk in front of the Town Hall was contracted to L. F. Gould of South Framingham. There was also considerable repairing done by Mr. Gould both in Wayland Centre and Cochrane.

Grade Crossing—A new order was secured and served on the Boston & Maine R. R. Co., and the Massachusetts Highway Commission, in regard to the elimination of the grade crossing on State Road known as Russell's crossing. It is expected that there will be a hearing on said petition at an early date.

Concord Road—The work on this road has been carried on through the Winter months as per vote on the special meeting of December 17. s

Cochrane Road—The work on this road was started in October. Unfortunately the plans were late in arriving, and

## SELECTMEN'S REPORT

---

as it was difficult to obtain crushed stone of the proper size it was very hard to have this road completed before the weather was too cold but it was finally completed and is in first-class condition. We hope to see a continuation of rebuilding this road in the near future.

JAMES H. LEE,  
THOMAS F. MAHONY,  
NAPOLEON PERODEAU.

## State Aid

There has been paid out during the year beginning March 1, 1912, and ending March 1, 1913, \$667.00.

H. C. HAYNES,  
A. S. LYON, Clerk .

## Forest Warden's Report

Feb. 28, 1913, Mr. Howard C. Haynes was appointed deputy warden in Wayland Center, and James L. Moore at North Wayland.

There were few forest fires the past year, and the most trouble was caused by sparks from locomotives.

Bills to the amount of \$35.50 have been paid by the town on these railroad fires. Duplicate bills have been sent to the Boston & Maine R. R. for reimbursement.

Considerable damage was done at one of the fires in the young growth of trees. Only five permits were issued to build fires.

Sunday, June 30, there was a fire in Mr. Bezanson's woods, and as an auto truck party was there from Watertown they were supposed to be the ones that started it. The matter was referred to the State Fire Warden and an investigation made.

As the men in the party helped to put out the fire and no evidence could be obtained to convict the guilty ones, the matter was dropped.

I recommend that Mr. J. L. Moore be provided with at least two hand chemical tanks and other tools to protect his district, and that a suitable forest fire wagon be purchased for the Center.

Respectfully submitted,

CLARENCE S. WILLIAMS,  
Forest Warden.

## Inspector of Animals

Board of Selectmen,

Gentlemen:—I hereby submit the following report as inspector of animals for the past two months.

Owing to the severe illness of Dr. Thomas Bryant, I was unable to receive his report until the time he resigned.

The general spring inspection is not quite finished. There has been but one contagious disease quarantined, which was disposed of.

Respectfully submitted,

FRANK BIGWOOD, M. D. C.,  
Inspector.

Sealer of Weights and Measures.

## Report of Surveyor of Highways

Wayland, Feb. 28, 1913.

The amount appropriated for Highways and Bridges the past year was five thousand dollars (\$5,000.00).

The excise tax was six hundred forty-five dollars and thirty-two cents (\$645.32).

Out of this amount I spent three thousand one hundred fifty-eight dollars and eighty-five cents (\$3,158.85) on the Concord Road, which has been laid out by the County Commissioners, the county paying one-third of this amount or one thousand and fifty-two dollars and ninety-five cents (\$1,052.95).

The amount spent on regular highways was three thousand two hundred and ninety-seven dollars and seventy cents (\$3,297.70).

Owing to the bad condition of three of the bridges, I was obliged to have them repaired at a cost of five hundred and eighty-five dollars and seventy-five cents (\$585.75). By so doing, I was obliged to overdraw the account three hundred and forty-four dollars and three cents (\$344.03).

### CONTINGENT ACCOUNT

The snow bills for the year amount to thirty-four dollars and ten cents (\$34.10).

Itemized bills for above amounts are on file in the Selectmen's office.

JAMES C. McKAY,  
CLARENCE S. WILLIAMS.

Com'rs of Wayland Water  
Works Sinking Fund

## Water Commissioners' Report

At the regular meeting, April 1st, 1912, the Board was organized with James C. McKay chosen chairman, and Clarence S. Williams, Clerk. Mr. James H. Whitehead was re-appointed Superintendent.

As the water fell short in the reservoir last Fall, and the rain held off so long, we were obliged to get a temporary supply from Natick for five days. Whatever provision is made in future for increased pressure or increase of supply, a permanent connection should be made with Natick mains for emergency cases and without delay as recommended by a competent engineer.

A new fireproof safe has been purchased to protect the records.

JAMES C. MCKAY,  
CLARENCE S. WILLIAMS, Clerk  
Water Commissioners.

## Report of the Superintendent of Water Works

In the past year a new bubbling fountain was placed near the post-office, which was used and appreciated by a great many.

During the dry weather last Fall the water was extremely low in the reservoir, and work was ordered by the Commissioners to clean out a section of Rice's brook and to wall it up on both sides, also to remove the stumps in the upper pond, which had been soaking for thirty-two years. Large quantities were removed with the aid of dynamite. A considerable space was cleaned out from the bottom of the reservoir, and repairs made to the shores.

JAMES H. WHITEHEAD,  
Superintendent.

## Cemetery Commissioners

The appropriation made by the town for the care of its cemeteries has been expended with care, and while the amount of this appropriation is exceeding small for the work that should be done, yet it is gratifying to note that with the growing interest manifested by individuals in the care of their lots and provision made for perpetual care by others, a gradual but steady improvement in the general appearance of all the cemeteries is apparent.

Since our last annual report the town has received additional gifts of three funds, incomes from which are for perpetual care of lots, making in all sixteen funds for this purpose, amounting in the aggregate to \$2,250. Appended is statement showing balances held subject to order of the commissioners, Feb. 28, 1913:

### General Cemetery Account.

Mar. 1.	Balance	\$258.19	
	Proceeds from sale of lots in		
	Lake View Cemetery	190.00	448.19
	Expended for improvements in

## Board of Health

Wayland, Mass., March 1, 1913.

The Board of Health respectfully submit the following report for the year ending March 1, 1913:

Contagious Diseases:

Tuberculosis—2 cases reported.

Measles—12 cases reported.

Chicken-pox—1 case reported.

Several cases of whooping cough not reported.

On account of the wet spring it was not possible to spray all stagnant water with mosquito oil at the beginning of the breeding season. As soon as it was possible to approach the ponds the work was carried on as in preceding year.

Several cesspools have been put in and drains properly cared for. A new flush closet has been installed at the Boston and Maine Railroad Depot, thus doing away with the old system, which caused so much complaint.

The piggeries in the north part of Wayland have been inspected from time to time and kept in good condition.

The Board wishes to call the attention of the citizens to the condition of the closets at the Town Hall. There are two situated in the rear of the Hall, one being kept locked at all times, the other being used by everybody. In case of Hall being let for social functions there is no suitable place for the ladies to use as a toilet room. This Board suggests that two toilet rooms should be provided inside the Town Hall.

Respectfully yours,

P. D. GORMAN, Chairman.

C. A. ROAK.

WALTER S. BIGWOOD, Secretary.

## Library Trustees

The annual report of the Librarian to the Trustees is herewith presented.

A comparison of the figures representing the library's circulation for the last five years, as exhibited in the successive reports of the librarian, shows a most gratifying increase. The circulation for the year ending March, 1909, was 8,285 volumes. For the present year it is 17,021 volumes.

This increase is largely due to the installation of the Co-chituate Branch and Reading Room, which greatly widened the usefulness of the library. This is shown by the increase of circulation in Co-chituate from 2,278 volumes in 1908-9, to 8,919 volumes during the present year.

Necessary repairs have been made during the year, and in this minor matter of upkeep of buildings and grounds the Trustees have endeavored to evince, by various renovations and improvements in both branches, the importance of making the institution an object lesson of neatness, utility, and up-to-dateness.

AMOS I. HADLEY, Chairman.  
ALFRED W. CUTTING, Secretary.  
FRANCIS SHAW,  
LESTER R. GERALD.  
ANDREW A. NORRIS.

Owing to his absence abroad, the name of Mr. John Connelly does not appear.

Henry G. Dudley, Cochituate.

### SCHOOL PHYSICIAN.

O. A. Dudley, M. D., Saxonville.

## School Committee

In presenting its Annual Report, the School Committee of Wayland invites, in the first place, a comparison of the sums of money spent on Wayland schools during the past two years.

In the fiscal year ending March 1st, 1912, the total amount spent on schools was: \$17,466.00.

During the past year the total has been: \$18,353.00.

Or an amount greater during the past year by: \$853.00.

In this connection it is to be noted that, whereas, in the previous year the town voted the extra sum of \$600.00 to install a water system in the High School, for the past year no extra money whatever was voted for the schools.

Your Committee desires to draw particular attention to the extraordinary and unforeseen expenses incurred during the past year; expenses not provided for nor covered by the annual school appropriation.

In the first place, a bill for coal, delivered and used previous to March 1st, 1912, coming over into this past year amounted to \$183.46, and the addition of fifty cents to the price per ton of coal last Autumn for the amount of coal so far delivered and used brings this extra amount up to \$233.00.

Last Autumn Mr. Francis Shaw wrote your Committee that, in future, the town must pay for removing ashes from the High School and for cleaning out the cess-pool. As this expense, as well as the expense of supplying certain school equipment, had for years been borne by Mr. Shaw, the withdrawal of his aid has meant another item added to school expense account.

Owing directly to this, and to the fact that the increased use of water in the High School necessitated some new provision for drainage, your Committee adopted what seemed the most practical and least costly expedient; that of digging a new cess-pool with connections to the old one. This has, so far, proved an adequate and satisfactory solution of the problem and can, if necessary, be made a part of a future improved system of school drainage.

As, according to restricted boundaries, as well as from the fear of polluting both school and neighboring water supplies it seemed equally impossible and unwise to dig a leaching cess-pool within the school grounds, your Committee fortunately secured from Mr. Edmund Sears and Mr. Edwin F. Greens permission to dig this cess-pool on the land belonging to them, which has been used as a playground.

As the difficulties affecting the location of this indispensable feature of the present school sanitary system could not have been overcome without their prompt co-operation, the School Committee desires here to express to these two gentlemen its grateful acknowledgment of an act of public spirit well and willingly performed.

The transportation of school children has this year cost more than it cost last year by \$187.11. This is a matter in which your Committee has no option but to accept the bids submitted. There are five barge routes, and last Summer the Committee received only six bids, all of them being at a higher rate than for the year before.

With no special appropriation voted last year for new sanitary and heating systems, or even for repairs to the existing systems, and with a condition of things which might perhaps have meant the closing of the High School for a time, on account of insufficient heat and flagrantly unsanitary conditions, your Committee set itself the task of correcting, for the time being, some of the worst features; with the re-

sult that by renewing old pipes, flues and chimney caps which had rusted and fallen from the chimneys, by repairing the sanitariums, by patching the antiquated and wasteful furnaces and by repairing a leaky roof, all at a cost of \$463.15, the building was rendered tenantable for this year.

In pursuance of a policy of increasing the efficiency of the teaching force and of engaging the best available new material to fill vacancies, your Committee voted last Autumn an increase of salaries amounting up to March 1st, 1913 to \$240.00.

Taking all of the foregoing into consideration it will be noted that our school appropriation has actually been exceeded by only a very moderate amount.

In regard to the condition of the High School building, the town will be obliged to consider, at no distant date, and indeed should consider at the next Town Meeting, the matter of painting the exterior of the building, the installing of new sanitary and heating systems and the wiring and electric lighting of the school. The efficiency of the equipment in the Cochituate School, and the complete success of the pumping installation in the High School indicates the economic and hygienic value of up-to-date appliances.

That the teaching force of Wayland schools has, during the past year, been materially strengthened, is shown in noticeably improved discipline and in the general morale of the school. There is reason to believe that, as a whole, the pupils have done more willing, and so more effective work this year than last, and it is that spirit and that kind of work which, in the end, makes for the higher standard of scholarship which we are trying to attain. No such ideal conditions can, however, be brought about entirely by the schools and in the schools. The interest of the parents, very generally lacking, in the progress of their children and their realization of the value of encouragement and stimulation at home is a potent

## SCHOOL COMMITTEE

---

and indispensable factor in the proper education of children.

The response to the School Committee's efforts to add strength and greater prominence this year to the Commercial Course of study has been most gratifying, and apparently indicates a somewhat widespread desire for the permanence of such a course in our community. Of a total of sixty-six pupils in our High School no less than thirty are taking this commercial course, or parts of it, and of these, twenty are pupils of the first and second years. Last year the total number taking this course or parts of it was twenty-three.

It is still a little early in the year to measure results intelligently in regard to this course, but if it should continue to grow in popularity it is not too much to predict for the future the possibility of such a thorough and effective business course as is given in a number of our Massachusetts schools.

It is always to be born in mind, however, that all such results, and this applies to manual training as well as to all so-called vocational courses—mean a yearly increasing expenditure for salaries and equipment.

Educationally we cannot progress without actually going forward.

To stand still is insensibly to go backward.

It is for the people of Wayland to say which it shall be.

Respectfully submitted,

HARRY E. CARSON, Chairman.

PHILIP S. IDE.

ARTHUR B. NICHOLS, Secretary.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee of Wayland,

Gentlemen:—The following report of the public schools of the town is respectfully submitted for your consideration. This is the fifteenth in the series of annual reports by the Superintendent of Schools, and the third by the present incumbent of the office.

Your schools are in charge of a corps of teachers especially strong in power to discipline, to interest, and to instruct. They are interested in the welfare of every child, sympathetic and earnest. There has been no marked change of policy in the administration of the affairs of the schools, nor is there prospect of any near-by innovation. Because of these conditions, the generosity of the town toward her schools, and the general good faith in the servants of the schools, space will be given herein to touch upon the general trend of educational thought and criticism and the efforts afoot for educational advancement, that you may understand that we are interested in the progressive necessities now before the general public, and that we are studying intently all efforts that we may be ready to fall into line and to keep step with the procession in assisting you to direct the future policy of the schools of Wayland.

That we are in an epoch of general educational dissatisfaction is evidenced by the vast amount of critical current literature from laymen and educators. This condition, analyzed, antedates the present by some years, is the result of natural causes, has been approaching a long time, has come with overwhelming rapidity as has the industrial development of the country, has been watched with apprehension by educators, also welcomed, as all true educators are progressive and metropolitan, interested in the welfare of every

child. This unrest is being met by proper solutions of educational problems, and I believe, will be increasingly embattled through the perfecting of plans already afoot to make the educational institutions—the schools of training for manhood and womanhood—more effective, more far-reaching.

The disaffection centers, particularly about the high school, involves the upper grades, is erroneously, in my opinion, carried into the primary grades by visionary and impractical or ignorant critics, reaches out to the period of life following the elementary schools for those not entering high schools, and includes in some measure the administration of our colleges.

The primary causes for this disaffection are the changes in industrial, commercial and agricultural life, the new demands upon our youth to meet the exacting conditions in these basal fields, the high cost of all things, the call for scientific farmers, and the call for greater skill in the so-called professions. And again, because it is more and more imperative that our youth have a high-school education with a result that our high schools are composed of a student body, of which approximately only six to ten per cent. will attend college, or other higher institutions of learning. So that a great body of thinking people have come to ask for schools for "All the children of all the people."

The result is that first of all, Greek has been dropped from nearly all high schools, Latin and other subjects are on trial as against courses in Practical Arts. Business courses and woodwork first appeared. They have found their places, but are inadequate..

Massachusetts made the first move to meet this wave of necessity by appointing an Industrial Commission under Governor Douglas. This Commission has been merged with the re-organized State Board of Education and with Dr.

## TOWN OF WAYLAND

---

Snedden as Commissioner is committed to the policy of promoting industrial training in connection with the educational system of the State.

Local conditions call for different lines and place barriers as to policy. But we find that a goodly number of vocational schools have appeared in our cities that we have in our midst part-time schools for those who wish to work or must go to work that the agricultural college is reaching out to interest boys and girls in improved agricultural study, that there are agricultural schools, that there are agricultural courses in high schools, that the state offers aid in support of same, that bills have appeared before the legislature for special grants to establish County Agricultural schools, that bills have appeared to grant permission, or to make it obligatory on municipalities to support continuation schools. Boys residing in towns and supporting vocational courses may, as in other high-school work, go to towns or cities offering such work, and the residential town must pay the tuition. Our larger high schools and some smaller ones are offering courses in cooking, sewing, shop work, printing, and so forth. Many communities are developing home gardening, and there are some substantial prizes offered for members of successful corn and potato clubs.

.....

Outside of our own state, the story is repeated, some states being much more aggressive than are we. "Barley goes to college in Wisconsin," and corn is much improved in the corn belt through courses given therein. Then we have before Congress the Page Bill, which will, if carried, appropriate \$14,000,000 to be distributed throughout the country for the advancement of vocational training, but more especially agricultural training.

In a recent address, Dr. C. N. Schaeffer of Pennsylvania, said: "There are today at least forty vocations which require a high-school education by way of preliminary training, and

the boy who quits school before finishing the four years' high school course, shuts against himself the door of opportunity.

"He makes it impossible for himself to enter the vocations which aspire to be ranked with the professions, and which have within their ranks the leaders of American civilization."

We are endeavoring to impress the force of the above statement on the young people of this community; to make them feel something of the seriousness of these years given them for study and development and the splendid opportunity that should not be lost, and that some sacrifice on their part in personal comfort and enjoyment should be made for all that is done for them.

Accepting the fact that we must soon reach out to industrial training in some line, somehow, we have endeavored with a goodly measure of success to strengthen the Commercial Course this year.

From the Cochituate school entertainment given last March, \$55.75 was realized. Cochituate Grange and individual members gave the use of their hall. The expenses were \$1.25 for printing. Three dollars have been donated by the Teachers' Club. There are now on deposit, subject to the chairman's order, \$57.50 in the Natick Five Cents Savings Bank. We trust soon to see this expended for the piece of statuary for which purpose it was raised.

The work done on the Wayland furnaces last summer has removed the lack of ventilation in the sanitariums, has made better heating of the rooms possible, but the ventilation of the rooms is unchanged. By opening the windows every hour, while physical drill is given, and also by vacating rooms at recesses and opening windows, we have kept them in comfortable condition in the grades. The ventilation has been better in the high-school rooms.

It is needless almost to remind you that the Wayland building needs painting as a matter of economy. It speaks

for itself to every passer-by. Some of the rooms have hard looking ceilings and walls.

In closing, I respectfully commend to you for careful consideration and study the issues briefly raised earlier in this paper. These serious and difficult industrial educational problems cannot, in my opinion, be wisely turned aside by the school authorities and citizens of this town.

Respectfully submitted,

FRANK H. BENEDICT.

## REPORT OF HIGH SCHOOL PRINCIPAL

Mr. Frank H. Benedict, Superintendent of Schools,

Dear Sir:—My second annual report of the Wayland High School is herewith presented for your consideration.

Eleven pupils were graduated from the High School last June. Of the eleven graduates, two are now attending the Framingham Normal School, one is in training for a nurse at the Boston City Hospital, two are taking special training for musical careers, one is at Lowell Textile School, one at Tufts Dental School, while an eighth is at the New England Co-operative School of Engineering in Boston. The rest are at work at or near their homes.

We have a total enrolment this year of sixty-nine, and of this number sixty-six are in school at the present date. This is an increase of four pupils over the total registration of last year.

The regularity of attendance on the part of some pupils has not been all that it should be. It is essential that a pupil should be present at each school session if he is to secure the most good from his studies. Attendance at High School should be considered a privilege. No pupil can afford not to avail himself of this opportunity which costs him only the effort. A day out of school, or even one lesson missed, is a privilege lost. The habit of punctuality is a most valuable asset for future success. Excuses for tardiness and absence should be sent to the principal at the next session attended by the pupil. May I ask parents to carefully co-operate with the teachers in securing better results in this matter?

Referring to our system of reporting the standing of pupils, I wish to make the following explanation in order that parents may aid us in making the system more efficient. During my administration, report cards bearing the ranks in all

subjects have been sent by each pupil to his or her parents at the middle and end of each term,—making a total of six times a year that a parent should receive a full report of the pupil's work. These cards should be signed and returned promptly to the principal. In addition to these report cards, a special deficiency report is mailed to the parent at the end of every period of four weeks. These special reports are sent only for subjects or parts of subjects in which the pupil's work appears unsatisfactory for the previous four weeks. By bringing the attention of the pupil and parent to unsatisfactory work in any given subject, it is hoped that special energy may be brought to bear upon that subject, and possible failure for the term's work avoided. In several cases this year, the attention which parents have given these reports has had very gratifying results.

The attitude of the pupils toward their work has been generally good, but, on the whole, it is to be hoped that an even higher standard of scholarship may be obtained. To secure a mere passing mark should not be a satisfactory ideal for any pupil. Many who are receiving simply passing marks are capable of doing "A" work with greater application. No student has time to get all his work done in school hours, and a minimum of two hours a day of home study is absolutely essential. A pupil's fundamental duty in the high school is to study. Other activities, social and athletic, must have their proper part in the development of youth, but they must be subordinated to this.

The choice of the right studies is often of the utmost importance to the pupil's success in high-school work. To this end, we placed in the hands of the pupils last spring an Outline of Courses of Study, with description of each, to be a guide in making their elections. The courses are grouped under three heads, namely:—College preparatory, scientific, and commercial. The requirements in English and Mathematics

are the same in the three courses. This grouping gives the pupil a definite plan which he must follow in case college is his aim. We have tried to strengthen the requirements in the commercial course so that this course may be considered on a par with the others. The results so far are very satisfactory.

Let me add a word of explanation in regard to our relation to the New England College Examination Board. Our high school is at present, not on the *published* list of approved schools of the Board, not because our curriculum, staff and equipment are not approved by them, but because during the last two years at least, no graduate has desired to matriculate at any of the colleges which come under the jurisdiction of the New England College Board. The following colleges are represented on the Board: Amherst College, Bates College, Brown University, Colby College, Dartmouth College, Mount Holyoke College, Smith College, Tufts College, University of Vermont, Wellesley College, Wesleyan University, and Williams College. This Board grants to certain schools the privilege of admission without examination, on certificate of the principal. Entrance to Harvard, Yale, and Mass. Institute of Technology may be obtained only by passing examinations.

A new regulation was made last year by the New England College Board, which quoted is as follows:—"A school which has not sent within the required time at least two students to one or more colleges represented on the Board, but meets with the approval of the Board in respect to curriculum, staff and equipment, may, for the purpose of establishing a record, send one or more students without examinations, on the certificate of its principal, to some one or more colleges represented on the Board."

In accordance with the regulation, I sent a record of our curriculum, staff and equipment to the Board last April, and Wayland High School was granted the above privilege for the

period of one year. As none of last year's graduates expressed a desire to enter any of the colleges represented by the Board, I communicated again last month with the Secretary of the Board as to our standing, and the following reply was received:—"I think it very certain that the Board will decide to give you the privilege at any time in the future of sending specimen students, provided your curriculum, staff of teachers, and equipment do not change unfavorably in the meantime."

At present we have certificate privileges with Massachusetts Agricultural College, Worcester Polytechnic Institute, and for all State Normal Schools. Our privilege with Worcester Polytechnic Institute was renewed last month for a period of three years.

The fact remains that entrance to any college may be made whenever examinations are passed. The certificate system is a privilege which removes the strain of examinations when the pupil, in the judgment of the principal, has shown himself capable of undertaking college work. In either case the preparation in high school should be the same. A diploma is not a certificate to college, and no principal should conscientiously grant a certificate until he feels that his candidate could pass college examinations were they taken. An average of 85 per cent. in a subject should be maintained in order to secure proper certification to college.

Since a large number of our pupils do not plan to go on to higher institutions of learning, the fundamental purpose of this High School should be to give the student something which makes the time spent worth while. It is essential that the training in high school should turn out men and women who shall be more useful in themselves, better neighbors, and loyal and more helpful citizens.

To this end, I believe all of your teachers are bending their best efforts.

PRINCIPAL OF HIGH SCHOOL

---

My thanks are due the pupils for their favorable attitude, and my teachers for their energy and earnest co-operation, all of which have made possible the success thus far attained.

In conclusion, allow me to express my thanks to the School Committee and yourself for the cordial support which you have given us in our efforts.

Respectfully submitted,

W. HERBERT MOORE.

## REPORT OF GRAMMAR MASTER

Mr. F. H. Benedict, Superintendent of Schools, Wayland, Mass.,

Dear Sir:—I herewith present the annual report for the Cochituate school.

The total enrolment of pupils is 181, a gain of 4 since last year. The average per cent. of attendance is very high, which may be accounted for by the improved facilities which the school offers.

During the year the school has held a special visiting day, or Parents' Day, when all parents and friends of the school were invited to visit us in the different class rooms and see the regular work of the school. The teachers greatly appreciate the efforts of parents and friends in showing their interest and co-operation with the school by visiting us in such numbers.

The graduating class of 1912 presented the school with a beautiful relief of the Declaration of Independence, and the class of 1913 are planning to present the relief entitled the Treaty of Peace of 1783.

The boys of the five upper grades are showing their interest in a military company to be formed on a basis similar to that of cadets in High School. Drill guns are being made by the boys in the manual training department.

In behalf of the teachers of the school, I wish to express our gratitude for the co-operation of parents, and the hearty support of the superintendent and committee.

Respectfully submitted,

• LEROY K. HOUGHTON.

## REPORT OF THE MUSIC SUPERVISOR.

Mr. Frank H. Benedict, Superintendent:

I herewith submit my annual report of the music.

The Course of Study indicates that certain definite principles will be taught in each grade.

The status of music in public education has completely changed, and the requirement for the grade work is far greater than ten years ago.

This past fall we have done a great deal of individual work, and find that the results are excellent. By the use of the individual slips the teacher finds wherein each pupil needs the most help as to time, pitch, and reading. Thus every pupil in the grade is obliged to learn to read music.

The time is fast coming when Harmony and Musical Interpretation will be taught in all High Schools. At the present time the subjects are taught with marked success in some of the larger towns and cities. I wish that the subject of Harmony might be introduced in Wayland High. My time is limited to one day a week, but the program could be arranged so that we could make a beginning in this work.

In closing I wish to thank the teachers, committee, and superintendent for their hearty co-operation.

Respectfully submitted.

AGNES E. BOLAND.

## REPORT OF DRAWING AND MANUAL TRAINING

To the Superintendent of Schools:—

I take pleasure in submitting my annual report of drawing and manual training in the Wayland Schools.

The drawing has been carried on along similar lines as last year, with such changes as thought advisable to make the subject more interesting to the pupil. In the fall much time was devoted to nature study in color and pencil. At Christmas special work was done for gifts. During the winter term the time has been devoted to pictorial, object drawing and design. In the upper grades the boys have worked on room interiors, and the girls have copied drawings of simple gowns, planning pleasing color schemes of good color harmony. In design the pupils have planned cover decorations for note-books or compositions, co-relating with regular school work whenever possible. In the lower grades more time has been devoted to constructive work and paper cutting.

In the High School the periods have been extended from one to two periods, which has made it possible to accomplish much more. In the free-hand drawing the time has been given to pictorial drawing, nature study, and design. The first year work in mechanical drawing has been devoted to geometric problems, lettering, simple working drawings, and perspective sketches from the working drawings. The second year work has included lettering, details of building construction and simple house plans.

In the manual training department the interest of the boys has been excellent. In the grades the regular problems adapted to the age of the pupil have been followed with several new models added to the course. In the ninth grade several boys are doing creditable work in furniture construction. In the High School the boys have been working on fur-

niture to furnish a reception room on the first floor of the building. The hangings to be made by the girls in the drawing department.

The pupils have worked together on the problems, and have displayed a keen interest in the products, and have done excellent team work.

I wish to thank the Committee and Superintendent for their support, and also the teachers for their willing co-operation.

Respectfully submitted

WILLIAM BROOKS HAZELTON.

## TOWN OF WAYLAND

### REPORT OF TRUANT OFFICERS

To the Superintendent of Schools:

I herewith submit the following report of absences and truancy for the year beginning March 1, 1912, and ending March 1, 1913.

Number of absences reported,	10
Number of cases investigated	10
Number of absences for legal reasons	3
Number of absences to work at home	5
Number of truants	2

Respectfully submitted,

H. G. DUDLEY,  
Truant Officer.

Mr. Benedict, Superintendent of Schools,

Dear Sir:—During the past school year, I have had one case of absence to investigate, and found no case of truancy.

Respectfully submitted,

J. C. VINCENT,  
Truant Officer.

Extract From Rules and Regulations

ATTENDANCE

1. Excuses for absence may be granted by the teachers for the following causes only: The pupil's sickness or physical disability, death in the family, or other extreme emergency, contagious disease or quarantine.

Note. Lack of clothing, helping at home, running errands, visiting, and the like, are not accounted sufficient causes for absence.

2. In case of extreme necessity the superintendent may grant excuses for special cause.

3. Any pupil not in his seat at the stroke of the last bell, promptly at the hour for school to begin, shall be considered tardy.

Exception. Pupils who are late because of the late arrival of barges or electric cars shall not be considered tardy, unless they loiter or delay after arrival.

4. Excuse for tardiness may be granted at the discretion of the teacher.

5. Any pupil having been absent shall be required to bring a written excuse from parent or guardian, stating the reason for the absence. In case the written excuse is not brought, the absence will stand unexcused.

6. All absences excused must be so recorded in the register.

## TOWN OF WAYLAND

---

7. When a pupil is apparently absent without sufficient cause, the teacher shall notify the truant officer promptly.

8. Pupils under five years of age will not be admitted.

9. Children will be admitted to the first grade only at the beginning of the fall term, except by special permission of the school committee. ("The beginning of the fall term" will include the first two weeks.)

10. Pupils who enter a school in town for the first time must present a vaccination certificate, properly filled out and certified, or a certificate stating that the pupil is an unfit subject for vaccination, before being admitted.

11. Pupils who are perfect in attendance and punctuality for any school month may be dismissed one hour before the close of school on the afternoon of the last school day of the school month.

12. Any pupil outside of school age, less than seven or more than fourteen years of age, who is absent unexcused for more than five whole days or ten half days, in any period of six months, may be suspended until assurance is given of regular attendance.

SCHOOL SESSIONS

1. WAYLAND: High School—8.45 A. M. to 2.30 P. M.  
(Thirty minutes for recess.)

Grades	8.45 A. M. to 2.30 P. M. (Noon recess forty minutes. Twenty-five minutes for recesses, physical culture, and intermission.)
--------	--

COCHITUATE: Grades 9.00 A. M. to 11.30 A. M.  
1.00 P. M. to 3.30 P. M.  
(Twenty-five minutes for recesses and physical culture.)

2. The school hours as indicated must be strictly observed.

3. Pupils in the first grade may be dismissed at recess.

4. The bell shall be rung five minutes before the beginning of the school session, and the pupils shall at once enter the schoolroom and take their seats ready for work. The last bell promptly on time shall be the signal for the school exercises to begin.

5. The door shall be opened at least fifteen minutes before the beginning of the school session.

## TOWN OF WAYLAND

---

6. Teachers may detain pupils after school or in extra session for the purpose of making up lost time or deficiency in lessons or application for a time not to exceed one-half hour in the grades, and one hour in the high school, except in case of pupils who are carried by barge, or longer by permission of the committee or superintendent.

Note. Pupils in the grades at Wayland may go home for luncheon at intermission on condition that they are not tardy for the afternoon session.

### TRUANT OFFICER

1. It shall be the duty of the truant officer to investigate fully each case of truancy, to take such action as the circumstances warrant and the law directs, and to report the results of his investigation to the teacher and to the superintendent.

2. He shall exert all possible influence with the parents and guardians to secure the regular attendance of their children.

3. He shall present an annual report of his doings to the school committee on the 1st day of March of each year, giving the number of cases investigated and the action taken thereon, together with such additional information as he may deem advisable, or the school committee may require.

## MEDICAL INSPECTION

The following directions conform to and are designed to aid in complying with the law relating to medical inspection, Chapter 502, Acts of 1906.

1. The teacher shall give the tests for sight and hearing and send notices to parents or guardians, according to the directions in Portfolio A-XIII-1, 2.

2. Each teacher shall immediately refer to the school physician each child "who shows signs of being in ill health or of suffering from any infectious or contagious disease, unless he is at once excluded from the school." (Sec. 3, Chap. 502.)

3. Whenever a teacher excludes a pupil from school because he shows signs of being in ill health, or of suffering from any infectious or contagious disease, he shall send notice to the parent or guardian and to the superintendent of schools. In the case of any infectious or contagious disease, the superintendent of schools shall at once notify the board of health. (Sec. 4, Chap. 502.)

4. Each teacher shall refer to the "school physician for examination and diagnosis every child returning to school without a certificate from the board of health," or from the attending physician, "after absence on account of illness" from any infectious or contagious disease, "or from unknown cause." (Sec. 3, Chap. 502.)

5. The school physician shall make a prompt examination and diagnosis of all children referred to him," and shall send a "notice of the disease or defects, if any, from

which the child is found to be suffering, to his parent or guardian." (Secs. 2 and 4, Chap. 502.)

6. The school physician shall make "such further examination of teachers, janitors, and school buildings as in his opinion the health of the pupils may require." (Sec. 2, Chap. 502.)

7. Whenever a child is examined by the school physician and found to show "symptoms of smallpox, scarlet fever, measles, chickenpox, tuberculosis, diphtheria or influenza, tonsilitis, whooping cough, mumps, scabies, trachoma," or pediculosis, "he shall be sent home immediately, or as soon as a safe and proper conveyance can be found, and the board of health shall be notified" by the physician. (Sec. 4, Chap. 502.)

8. The school physician shall keep a record and report to the school committee the result of each examination and diagnosis as required by Section 2 of Chapter 502, Acts of 1906.

9. The superintendent of schools shall keep on file a record of all reports made to the school committee by the school physician.

Note: When a child who has been ill with scarlet fever returns to school within a period of eight weeks from the beginning of his illness, he may be referred to the school physician even though he should bring a certificate of recovery. This should be done in every case when it appears that the desquamation has not entirely ceased.

## EXTRACTS FROM SCHOOL LAWS

### ATTENDANCE

(Revised Laws, Chapter 44)

By chapter three hundred and twenty, Acts of 1905, section one of Chapter forty-four, is amended, in part, as follows:

From Section 1. "Every child between seven and fourteen years of age, and every child under sixteen years of age who cannot read at sight, and write legibly, simple sentences in the English language, shall attend some public school in the city or town in which he resides, during the entire time the public schools are in session. . . ." Every person having under his control a child as described in this section shall cause him to attend school as herein required, and if he fails for five days sessions or ten half-day sessions within any period of six months. . . to cause the child to attend school, he shall . . . be punished by a fine of not more than twenty dollars. . . ."

The attendance of a child shall not be required: (a) "If attending a private day school approved by the school committee," or is being "otherwise instructed . . . in the branches of learning required by law"; (2) "If he has already acquired such branches of learning"; (c) "If his physical or mental condition is such as to render such attendance inexpedient."

### TRUANCY

(Revised Laws, Chapter 44)

From Section 3. "A child between seven and fourteen years of age who wilfully and habitually absents himself from school . . . shall be deemed to be an habitual

truant, and . . . may, if a boy, be committed to a county truant school . . . and, if a girl, to the state industrial school for girls. . . .”

From Section 4. “A child between seven and sixteen years of age who may be found wandering about the streets or public places, . . . having no lawful occupation, habitually not attending school, and growing up an idleness and ignorance, shall be deemed to be an habitual absentee, . . . and is liable to commitment, as in section three.

From Section 5. “A child under fourteen years of age, who persistently violates the reasonable regulations of the school which he attends, or otherwise persistently misbehaves therein, so as to render himself a fit subject for exclusion therefrom, shall be deemed to be an habitual school offender . . . .” and be liable to commitment as in section three.

## EMPLOYMENT

(Revised Laws, Chapter 106)

By chapter two hundred and sixty-seven, Acts of 1905, section twenty-eight of chapter one hundred and six is amended so as to read, in part, as follows:

Section 28. “No child under the age of fourteen years, and no child who is over fourteen and under sixteen years of age, who does not have a certificate as required . . . certifying to the child’s ability to read at sight and to write legibly, simple sentences in the English language, shall be employed in any factory, workshop, or mercantile establishment. . . .

2. “No certificate (age and schooling) . . . shall be approved by any person for a minor under the age of six-

## PUBLIC SCHOOLS

---

teen years, who intends to be employed in a factory, workshop, or mercantile establishment, unless such person is satisfied that such minor is able to read at sight, and to write legibly simple sentences in the English language."

From Section 29. "No child under sixteen years of age shall be employed in a factory, workshop, or mercantile establishment, unless his employer procures and keeps on file . . . an age and schooling certificate. . . ."

From Section 30. "An age and schooling certificate shall be approved only by the Superintendent, or by a person authorized by him in writing. . . ."

From Section 32. "The age and schooling certificate of a minor under sixteen years of age shall not be approved and signed until he presents to the person who is authorized to approve and sign it an employment ticket duly filled out and signed. . . ."

Children between fourteen and sixteen years of age who apply for an age and schooling certificate must bring an employment ticket properly filled out by their intending employer and be accompanied by employer or custodian. Employment ticket blanks may be procured from the superintendent.

## CONTAGIOUS DISEASES

(Revised Laws, Chapter 75)

From Section 51. "The board of health . . . shall give immediate information to the school committee of all contagious diseases . . . reported to them."

(Revised Laws, Chapter 44)

By Chapter three hundred and seventy-one, Acts of 1906, Section six of chapter forty-four is amended to read as follows:

Section 6. "A child who has not been vaccinated shall not be admitted to a public school except upon presentation of a certificate signed by a regular practising physician that he is not a fit subject for vaccination. A child who is a member of a household in which a person is ill with small-pox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the board of health of the city or town, from the attending physician of such person, stating that the danger of conveying such disease by such child is past."

### MEDICAL INSPECTION

(Acts of 1906, Chapter 502)

From Section 1. "The school committee of every city and town in the Commonwealth shall appoint one or more school physicians, shall assign one to each public school within its city or town, and shall provide them with all proper facilities for the performance of their duties. . ."

From Section 2. "Every school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors, and school buildings as in his opinion the protection of the pupils may require."

From Section 3. "The school committee shall cause to be referred to a school committee for examination and diagnosis, every child returning to school without a certificate from the board of health, after absence on account of illness or unknown cause; and every child in the schools

under its jurisdiction, who shows signs of being in ill health, or of suffering from infectious or contagious disease, unless he is at once excluded by the teacher."

From Section 4. "The school committee shall cause notice of the disease or defects, if any, from which any child is found to be suffering, to be sent to his parent or guardian. Whenever a child show symptoms of smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps, scabies, or trachoma, he shall be sent home immediately, or as soon as safe and proper conveyance can be found, and the board of health shall at once be notified."

From Section 5. "The school committee of every city and town shall cause every child in the public schools to be separately and carefully tested and examined at least once every school year, to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect, tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work, in order to prevent injury to the child, or to secure the best educational results. The tests of sight and hearing shall be made by teachers. The committee shall cause notice of any defect or disability requiring treatment to be sent to the parent or guardian of the child, and shall require a physical record of each child to be kept in such form as the state board of education shall prescribe."

From Section 7. "The expense which a city or town may incur . . . shall not exceed the amount appropriated for that purpose. . . . The appropriation shall precede any expenditure or any indebtedness which may be incurred under this act, and the sum appropriated shall be deemed a sufficient appropriation."

TABLE I  
Attendance Statistics, 1911-1912
